

Thank you for your interest in online **Kaleidoscope Design** class.
It will run Nov. 1 – Nov. 30, 2018.

In this month-long class, we will work along together as I teach you how I create my kaleidoscope designs. You will receive a supply list after you register. If you have the regular enamel supplies, you will only need a few things that could possibly be under \$100.

Cost: \$190 via Venmo. **Refunds only if requested two weeks before class begins.**

You need to know decals for this class and have a basic understanding of enameling. I'm offering a special if you need the decal class. It will be \$90 for the decal class if you are going to sign up at the same time as the kaleidoscope class (total cost for both classes is \$280).

My online classes are work at your own pace. I have had many requests for this due to the difficulty of traveling, scheduling and even cost for traditional instruction and previous classes have brought together more than 2500 students from across the world.

You will be entered into a private group on Facebook with the other students and we all work together in a virtual classroom. We share comments, questions and our work. I have had many students and this formula has worked great so far. Since we are all working at different times, I keep the class open for a whole month. Even if you have a 9 to 5 job you should still have plenty of time to learn everything you need.

For payment information and questions, you can contact me at annemargaretdinan@gmail.com.
